Simona Stojanovska

UX/UI Designer

simona.nb@hotmail.com
Open to hybrid in Skopje

PROFILE

UX/UI designer with 6+ years across agency and B2B SaaS. Experienced in owning the full design process, simplifying complex workflows and building scalable design systems, using AI tools throughout.

EXPERIENCE

UX/UI Designer · ClearForward Feb 2024 to Present

B2B SaaS for dental treatment planning · Amsterdam, NL · Remote

- Own the UX/UI pipeline across 20+ modules, from problem framing to handoff and design QA.
- Built the design system from scratch in Figma: tokens, variables, components and patterns.
- Designed core workflows, role-based dashboards for four user roles, billing, admin and settings.

UX/UI & Graphic Designer · Identity – creativity & advertising Mar 2023 to Feb 2024

- Websites, landing pages and product screens from wireframes to high-fidelity UI, plus UI kits.
- Presented concepts to clients and worked closely with copywriters and developers.

UX/UI & Graphic Designer · Publicis Groupe Aug 2021 to Mar 2023

- Web and mobile interfaces and digital campaigns for international and local brands.

Freelance UX/UI Designer · Fiverr 2020 to 2021

- Redesigned websites and app screens, improving layout, navigation and consistency.

Selected brands: Heineken, Skopska Pivara, Žito Leb, Pakomak, Credissimo

PERSONAL PROJECT

Daruvaj.mk 2026

A gifting platform where people give a second chance to things they no longer need · Live

- Took it from idea to launch on my own: research, UX/UI and a custom design system.
- Built it in code with shadcn/ui and AI: messaging, login, email notifications and admin review.

SKILLS

Design: UX research, user flows, prototyping, design systems, data-heavy UI, client presentations

Tools: Figma (incl. motion and prototyping), Adobe Creative Suite, HTML/CSS basic

AI tools: Claude, ChatGPT and Figma AI for research, exploring directions and quick coded prototypes

Languages: English (professional working proficiency) · Macedonian (native)
