UX/UI & Graphic Designer

simona.nb@hotmail.com
Remote

PROFILE

UX/UI and graphic designer with 5+ years across agency and product work. Experienced in owning the entire UX/UI pipeline in B2B SaaS, building design systems in Figma, and creating brand identities and campaigns for international brands.

PERSONAL PROJECT

Daruvaj.mk · daruvaj.mk — 2026

A gifting platform where people give a second chance to things they no longer need · Live

- Took the product from idea to launch independently: research, UX/UI and a custom design system in Figma, implemented in code with shadcn/ui.
- Built messaging, authentication and email notifications with AI as a development partner, gaining a deeper understanding of the full user journey.

EXPERIENCE

UX/UI Designer · ClearForward — Feb 2024 – Present

B2B SaaS for dental treatment planning · Remote

- Own the entire UX/UI pipeline across 20+ modules, from user journeys and wireframes to high-fidelity UI, prototyping and design QA.
- Built the design system from scratch in Figma (tokens, variables, components) and presented design decisions to stakeholders.

UX/UI & Graphic Designer · Identity – creativity & advertising — Mar 2023 – Feb 2024

- Websites and landing pages for clients, plus brand identities, campaign visuals, social media and print.
- Presented concepts directly to clients and guided projects through feedback to delivery.

UX/UI & Graphic Designer · Publicis Groupe — Aug 2021 – Mar 2023

- Web interfaces, digital campaigns, key visuals, social and print for international and local brands, working within large brand guidelines in multidisciplinary teams.

SKILLS

UX/UI: user journeys, wireframing, prototyping, design systems

Tools: Figma, Adobe Creative Suite, HTML/CSS basics

Graphic design: brand identity, campaigns, social media, print, typography

Languages: English (professional), Macedonian (native)
